DIWALI PUJA

On **Dhanteras** place a red cloth on a table. Atop this red cloth now place a new utensil or vessel (e.g. kadhai/pan). Now fill this utensil with rice, and on the rice place 5 suparis and 21 kamalgattas (or as many as you have). In a bowl or kalash fill Ganga jal (use fresh water if you do not have Ganga jal) and add sugar to it. Now, place this kalash on the rice that is in the utensil/vessel. Then, place silver coins (if you have any, otherwise use any currency coins) in the kalash. Then offer flowers on this kalash. On the right side of the kalash, place a silver brick (if you have one) and on the left side place Laxmi Ji and Ganesh Ji's statue or a silver coin with them on it (if you have one). Do this as per muhurut. (Next Day add honey to the kalash that already has sugar and Ganga jal in it.)

On **Diwali morning**, add ghee, milk, curd to the same kalash that has Ganga jal, sugar and honey. Allow this to rest for a few hours and then take out all the coins from this kalash (if any) and place on a new and clean platter/ plate/ thaali, in preparation for the evening Diwali pujan. Commence your Diwali pujan by first doing the coins puja. This can be done by the offering of panchamrit (ghee, curd, milk, honey and Ganga jal), kesar tilak, mithai, flowers, kamalgattas and mauli/roli (sacred red thread) on these auspicious coins. Chant the mantras given below and light a Laxmi jyot in ghee/ candles/ dhoop and agarbatti in front of your utensil/ vessel that you have placed ready for puja. Now it is time to do Laxmi Ji's Puja & Aarti. You may further empower your puja with the specific mantras identified and chosen here.

After your Diwali pujan, leave the puja thaal with lit ghee lamp and a charmukha deepak.

You may pick up the puja on 09.11.2026 after 12 Noon.

To pick up the Puja, we begin by gently collecting the coins, kamalgattas, suparis and any other items that you prayed to in the thaali (e.g. silver brick etc.) and gently wiping with a tissue the excess charnamrit, we place them in a red cloth bag. Please note we do not wash any of the coins or other items. All these items that are now in your red cloth bag are to be placed in your money place, safely and securely. The kamalgattas and suparis may be kept in a separate bag, also placed in the money place, along with the red bag.

Once you have picked up your Diwali puja, placed your Laxmiji and Ganeshji in the kitchen and cleared up all the items that you had taken out for the puja, now it is time to honour the rice. Take out 1-3 fistfuls of rice and keep aside in a separate container,
ready to cook later.

All the other blessed rice that has been prayed upon and blessed by Goddess Laxmi,
Lord Narayan and Lord Ganesha may now be put in a container and placed in your kitchen. This rice should be used by you and your family throughout the year, ***and please note***
this container of rice should never become empty, so keep refilling it with more rice throughout the year.

The 1-3 fistfuls of rice that you have kept aside must be cooked and eaten on 09.11.2026.

It is suggested that you cook this rice with yellow lentils, kali mirch (black pepper), kishmish (raisins), dahi (yogurt), gobhi (cauliflower), saffron, elaichi (cardamom), lavang (cloves) along with a few teaspoons of ghee (clarified butter) to welcome the auspicious energies into your body, heart and home.

Once cooked, eat and share with the family.
